## Education

- **Masters in Computer Application (MCA)**  
Vivekanand Institute of Technology, Mumbai, India  
Average Cgpa: 9.2 / 10  
Academic Year: 2018 - June 2021
- **Bachelors in Information Technology (B.Sc. IT)**  
Birla Institute of Technology & Management, Mumbai, India  
Average Cgpa: 6.8 / 7  
Academic Year: 2015 - 2018

## Skills

### Technical Skills

| Angular Js | TypeScript | JavaScript | Angular CLI | Node Js  
| HTML/CSS | SASS | Bootstrap | JQuery | WebSockets | RESTful APIs  
| State Management (NgRx) | RxJS | PrimeNG | Ngx-charts | D3  
| Ionic Library | Ionic Native | Cordova  
| Responsive Designs | UI/UX Designing | Figma | Adobe XD  
| Testing (Jasmine, Karma, Cypress) | Version Control Systems (Git)  
| Agile Methodologies (Scrum) | Product Technical Documentation  
| Continuous Deployment (CI/CD) | Azure DevOps  
| Debugging and DevTools | Performance Optimization

### Soft Skills

| Exceptional Communication | Leadership | Empathy | Collaboration  
| Relationship-Building | Proactive Outreach | Critical Thinking

## Achievements

- 🏆 **Awarded & Promoted for Excellent Performance**  
75F Smart Innovations
- 🏆 **Winner Cricomania**  
MCA - VESIT
- 🏆 **Cheif Editor in S.P.I.C.E. , MCA - VESIT**  
(Student's Personality Intellect Creativity Enhancement Cell)
- 🏆 **Awarded with a title of " Student At Work "**  
Thane Start Up Mela
- 🏆 **Winner Network Security Expo**  
Birla Institute of Technology & Management
- 🏆 **Lead in Organizing Intercollegiate Fest Pravah**  
Birla Institute of Technology & Management
- 🏆 **Rotaract Zonal Cordinator**  
Rotarct District 3142, Thane - Mumbai

Udemy

## Work History

### Sr. Software Engineer - Web Apps

75F Smart Innovations, Bengaluru | Sep 2021 - Present

Engaged in the development of web and mobile applications for IoT-based real-time building intelligence systems, which involved various applications for iterating and vizualization of data obtained through IoT-based data synchronization services.

Developed exceptional user interfaces like dashboards with graphs, charts, widgets, user management with different types of authentications, integration of real time data simulations using graphics, advanced diagnostics and cloud-based alerts.

Translated wireframes and mock-ups into pixel-perfect user interfaces and intuitive user experiences, achieving a 95% user satisfaction rating through comprehensive usability testing.

Diligently worked with a diverse set of libraries, including Ionic, Ionic-Native, NgRx, d3, plotly.js, Rxjs, Moment.js, Lodash, & several others such as tooltip, Material design, and Blockly.

Prioritized code quality with rigorous unit testing, achieving a 20% post-release defect reduction by proficiently using Jasmine, Karma, Cypress, and SonarQube, enhancing code reliability by 15%.

Evaluated product requirements for operational feasibility and created detailed specifications based on features.

Provided leadership and direction to a team of developers, ensuring alignment with task objectives and successful delivery of required solutions.

### Software Engineering Associate

RippleHire, Mumbai | Jan 2021 - August 2021

Worked on a cloud-based applicant tracking and referral system, talent acquisition cloud platform which involved development of gamified processes for applicant hiring, diverse dashboards for referral tracking and monitoring.

Spearheaded the development of responsive web applications using Angular, adeptly utilizing core concepts alongside inbuilt libraries, as well as various custom modules and directives.

Implemented best UI/UX practices, yielding a notable 20% enhancement in user engagement metrics during my tenure.

Worked within Agile teams and actively contributing to daily stand-ups, sprint planning, and code reviews.

### Web Developer

Bitmantics, Mumbai ~ Freelance | Mar 2018 - Feb 2021

Initiated and established a successful independent freelance software development venture, specializing in crafting visually appealing web interfaces and hence completed more than **100** projects within 3 years.

Managed a diversified clientele, fostering a good reputation for delivering high-quality end-to-end solutions.

Utilized renowned frameworks like .Net, Bootstrap, Semantic UI, and Angular to optimize the development process, resulting in an impressive 45% reduction in development time.

Collaborated with various stakeholders to deliver cohesive and impactful web projects tailored to each client's unique brand identity and user requirements.
